Champlain Islands Bikeways was developed through a partnership among Lake Champlain Bikeways, Northwest Regional Planning Commission, the Islands and Farms Regional Marketing Program, Vermont Department of Forests, Parks and Recreation, Lake Champlain Byways Council, Lake Champlain Islands Chamber of Commerce, and local bike enthusiasts. The Lake Champlain Basin Program and Vermont Department of Tourism and Marketing provided financial assistance. The partners of this brochure support the efforts of Lake Champlain Bikeways. We are proud to be included in their 1,355-mile network.
